C. B. MATHUR
Deputy Director (Administration)
for Iron and Steel Controller

PUBLIC NOTICE

Calcutta 1, the 23rd November 1961

No. PI/BR/II/61-62—The existing procedure regarding distribution of materials arriving under Barter Deals/Rupee payment licences/other Commercial Imports has been revised and the same will be as follows:—

1. The importers will have to intimate as before to the Iron and Steel Controller or to the Regional Office concerned the break-up of the materials to be imported within 10 days after licence is issued.

2. Within a month from the issue of an Import Licence the Iron and Steel Controller will take a decision as to what quantity should be reserved for release by him or his Regional offices as the case may be. The freezing orders will be issued only for the tonnage likely to be released by the Iron and Steel Control.

3. For the balance, the importers may dispose of the materials to quota-holders or indentors as the case may be depending on the nature of the category including Govt. Deptts. either against quota certificates or against outstanding orders. For such sales, however, the importers will have to submit a monthly return to the Iron and Steel Control and the Regional Office concerned together with the quota certificates and the 'No Objection Certificates' which the importers should get from their customers.

In case of outstanding orders on the producers, consumers should obtain a letter from the producers concerned to the effect that no supply has been made against the particular order to the extent of the quantity to be released and that supplies have been suspended pending receipt of intimation from the Steel Control for cancellation of the outstanding. In case of outstanding orders on the Stockists 'No Objection Certificate' in the prescribed form already approved by the Steel Control which is now in vogue should be obtained by the consumers from the concerned Stockists and the same should be forwarded to the Steel Control for effecting corresponding cancellation of outstanding of the Stockists with the producers concerned.

Statement of releases made in a month should be submitted within the 7th of the month following with necessary documents referred to above.

4. The importers should take prior permission in writing for removal of consignments to their godown with full justification thereof. As a general rule, all releases should be made ex-jetty and only when there are justifiable reasons for removal of the materials of their godown permission for the same will be considered.

5. The importers while nominating consumers for materials still under quota system should ensure that the quota-holders concerned are entitled to receive the particular materials in terms of the purpose of the quota certificates.

6. For materials which the importers are unable to sell within four months of receipt will be allowed for Free Sale provided the importers apply for permission for such Free Sale giving adequate justification.

V. DORASAMY,
Deputy Iron & Steel Controller
